

FILTER

# Bravilor Bonamat B10

The Bravilor Bonamat B10 brews large quantities of filter coffee into one or two 10 litre flasks ready for serving. With its stainless steel housing, it is both a sturdy and high-quality machine. With a brewing time of ten minutes, the B10 can produce 250 cups of coffee per hour.

Excellent when you are required to have high quantities in demand catering environments. The machine has a digital display for programming quantities, total and day counters, and coffee is ready indicator. It also has a built-in descaling system for easier cleaning and maintenance.

\*AVAILABLE AS SINGLE OR TWIN
