

BEAN TO CUP

Cimbali S30

The Cimbali S30 is the perfect option for bakeries, restaurants, and smaller coffee shops without the requirement of a barista. Producing up to 300 cups of coffee per day, the S30 can produce hot and cold foam milk, which means you can offer an extended range of coffee and chocolate-based drinks.

Furthermore, with a 10.4-inch touchscreen, the user can intuitively select the strength of the coffee. What's more, the S30 makes daily cleaning of the milk system simple with an automated washing system.

*ALSO AVAILABLE AS S10, CP10 & CS10
