Rex Royal S500

If you need to serve bean-to-cup coffee in volume, the Rex-Royal S500 is for you. Capable of making up to 90 cups of speciality coffees an hour from the selection of 24 different drink types on the 10-inch touchscreen, this coffee machine is ideal for both coffee shops and self-service environments, like canteens where throughput and demand are high.

Incorporating three boilers, the S500 can make two coffees at the same time and is versatile enough to make coffee, warm milk and produce hot water simultaneously.

*ALSO AVAILABLE AS MCTI, MCST, MCSTI & MCT
